Company: Neurobit Innovation

Role: Backend Development Intern

Dear Recruiter,

I've closely reviewed the needs and requirements for this role and believe that my qualifications have prepared me to contribute immediate value to your organization.

While in college, I worked hard to hone my software development and programming skills. I am focused and attentive to detail when addressing high-volume task loads to meet deadlines. I am inspired by making a positive impact by applying system development skills and my problem-solving abilities allow me to address challenges to achieve results.

My academic experiences have served me well in developing my management, teamwork, and decision-making skills. I work well to use clear and concise communication to interact professionally with co-workers, supervisors and customers. I look forward to speaking with you regarding my skill set and attributes which I believe will serve as an asset to support Neurobit Innovation's goals. Please take a moment to review my attached resume. Thank you for your time and consideration.

Sincerely,

Pranjal tank
